

Material Handling Systems

Jesse J. Heap offers a full line of racks (flat good and garment), commercial trucks, rolling carts, and other equipment to serve the production and service needs of today's manufacturing, retail and distribution industries. Our racks are also popular with **church and school districts** looking for long lasting storage options for band/choir groups, sports uniforms and graduation gowns.

Several equipment lines are available, including **piecegoods** and **platform** trucks, **shop carts**, **cloth unwinding trucks** and the patented nestable **"Z" Garment Racks**.

If you desire a specific custom designed and manufactured piece of equipment please [contact us](#). Many other special trucks , carts and racks are available [call](#) or [email](#) for a consultation.

"Z" 271 Hanger Transport Rack

The **"Original" Z 271 heavy duty rolling garment rack** features the unique "Z" shaped one piece base, which allows nesting when not in use in order to save valuable floor space.

Perfect for bulk storage of hangers in retail clothing and department stores, and distribution centers. This garment rack has a 500 lbs. capacity, and includes industrial-grade 4" non-marking casters. The six hanger rails are typically 10" apart, but are adjustable and removable as required. All rails are zinc-plated, high-tensile steel to prevent rust. Standard colors are blue & orange. Dims: (78 "H x 48"L x 22"W) x 71lbs. Made in U.S.A.

Office - Need a spare closet? This rack is perfect for **hanging winter coats, uniforms, work aprons etc.** It can be folded and tucked into a closet for storage.

Home - Extra closet on wheels! Great for storing off **season clothes in a basement, garage or in a spare room.** As much room as a walk-in closet and will hold up to 400lbs of clothing!

Church, Club, School - Choir robes, costumes, athletic uniforms, band uniforms, any garment that needs hanging space. Great for college dorm rooms, athletic and drama departments.

FEATURES

- 500 Lbs Load Capacity
- Industrial-grade 4" non-marking casters
- 48" hanger bars 22" apart
- Dimensions: 78 3/4H x 48"L x 22"W
- Zinc-plated, high-tensile steel rails
- Weight: *71lbs, shipped KD*

Packaged Merchandise Transporters

The **Model #119 Divided Shelf Truck** is a large capacity transporter for varied uses in the store or the distribution center. 22" width makes maneuverability easy to narrow aisles. Shelves are tilted to the back to help prevent merchandise from falling off. Side wall bar design provides excellent merchandise visibility.

- 2000 lbs. load capacity
- 6" casters - 2 rigid, 2 swivel
- Dimensions 61" H x 78" L x 22"W (14" between shelves)
- Weight: 271 lbs., Shipped assembled

Model #119

Model #242S - Sided Cart

The **Model #242S 3-Sided Cart** is a versatile, and extremely maneuverable large capacity truck for varied uses in the store or the distribution center. "Diamond" pattern casters allow this unit to turn on its own radius. Conveniently mounted handle for operator comfort

- Standard Finish: Gray (others available upon request)
- All steel construction
- 8" x 2" rubber casters, 2 rigid, 2 swivel
- Dimensions: 48" H x 54"L x 27" W, Weight : 180 lbs.
- Corner bumpers optional

The **Model #241S Security Truck** provides maximum security for merchandise transfer. The door panels are double-hinged for easy access. The center shelf can latch in the up position for hanging garments, or down for packaged or folded merchandise. The garment rail includes a lock down bar to prevent hung garments for "popping off" in transit.

- Conveniently mounted pull handles and document pocket standard
- Standard finish: Gray (others available upon request)
- All steel construction
- 8" x 2" rubber casters, 2 rigid, 2 swivel
- Dimensions: 70" H x 58" L x 26" W
- Weight: 367 lbs., Shipped Assembled

Building Products Transporters

The **Model #193 Wallboard Truck** is a "cut above" standard industry design. Heavy duty square tubing fram and a full 12" deck will transport 1,500 lbs. (5" Casters) or 4,000 lbs. (8" Casters) of wallboard, plywood, or paneling, easily and safely.

- Standard Finish: Gray, orange, yellow or blue
- All steel construction
